ACTIVITY REPORT - 2016-17 :

Project Expansion :

In the Present Year, We have included Elevanth and started offering free coaching on core subjects like Maths, Physics and Chemistry. Due to this, Students base has increased and more number of students were benefitted out of the scheme.

Effective coaching and Periodic tests has a good impact on the understanding and students stand benefitted.

CSR Initiative :

Education is the backbone of every society in this world. But What matters the most is the quality education, a dream for many. To Improve quality education, though govt has taken lot of efforts, they may not be suffcieint enough, because the demand is huge.

Hence, it becomes mandatory for everyone to take efforts to impart quality education. We have taken initiative to fullfil this dream of quality education at our centre.

We have pledged to honour Social commitment in the sense, we are more focussed and offering free coaching to Students of Village Schools governed by Panchayat, Govt and Govt Aided.

We are planning to cover more number of students from these schools in coming years as a mark of fulfilling Social Responsibility in imparting quality education to the under Privileged.

Interactive Experience :

Students of the Present Generation are the Product of the Future who will shape the Country's growth. Hence, it becomes mandatory not only to give a mere quality education but they should be moulded as an all round performer. In this aspect, this year we have introduced Holistic Personality Development Programs to have an “ Interactive Experience “ as a part of their curriculum. To Impart Self Motivation, Time Management , Stress Management and Exam Centri tips besides, specially designed module to achieve the purpose.

Our Students from Kumbakonam and surrounding villages got an opportunity to attend this one day workshop at Chennai at our cost.

The objective of the Workshop is to

- i) Improve Communication skills – to have better communication with everyone*
- ii) Interpersonal skills – to have better understanding within self and others*
- iii) Analytical Skill – to focus on better choice of Future*
- iv) Goal setting Skills and Behavioural Skills – to realise their dream to achieve the desired growth.*

We have invited A Corporate trainer on the above subject to conduct the workshop . Workshop was conducted in a lively manner and Thro simple game show, various skills were taught.

Imparting Yoga :

Sound Mind is a Sound body. In the Present day Students have got lot of Stress, distractions, Problems, Conflicts and dissipation of energies due to various factors. To overcome these difficulties and to make them learn education in a lively manner with full concentration, Making Yoga as a part of Curriculam is the only way. Students from all around the world have gained benefits by doing yoga. It helps body to relax and soothes ones mind.

Regular Practice of yoga improves concentration and increases energy. Keeping this in mind , we are imparting Yoga where we are teaching the importance of Yoga in a theoretical form as well Practicals. Qualified yoga master teaches yoga to our students on a regular interval. This has improved their concentration and confidence level.

Career Counselling & Guidance to Future Course :

For Students in twelfth standard , taking the future course Post School is a big Challenge. Students from village Schools may not be fully aware of the available course, scope, career growth, Knowledge over available institutions and admision procedures.

With a view to overcome these difficulties, we have invited Eminent Professors of leading Engineering Colleges, who will dealt in detail about the availability of Academic Courses and required details there by help students to have “ Competitive knowledge thro proper career planning “.

Visiting Professors will act as a Councillors and help them in getting the desired Course and make them understand the Impact of the course and Career Planning Post Professional Studies.

Since many of Our Students are from village and surrounding towns this session brings more clarity.

Common Platform for Redressal :

The very object of Keeping Three Way Conference viz., Parents, Teachers and Students on a Common Platform will always Keep the focus on the students

This approach allows students to take responsibility for learning. It is a kind of Collaboration where Students will be asked to fix the targets in the presence of Parents and Teachers will come out with ideas .

We always have these meeting at an intermittant intervals to analyse the Progress of the Students. Also it helps Teachers to adopt better teaching methodology for better results.

Education Support System :

We have the tradition of helping poor students in their education in the form of Financial support. This year 20 students from School to college were chosen based on their Financial Status and they were offered Scholarships ie., partial compensation of financial strain.

In variably students from Underprivileged beyond Caste, Religion and Sex studying in Private and Govt Aided Schools and Colleges got the benefit of Scholarship.

We are Socially committed to give quality education to the underprivileged for whom education is beyond reach. Also we are trying to bridge the Students with below poverty line by way of financial support for their continued education
